

## Procedure to configure Apple iPhone/iPod Touch to support eduroam

- 1 Turn on your iPhone/iPod Touch and navigate to the home screen. Locate and Tap the **Settings** icon.

- 2 Tap the **Wi-Fi** button.

- 3 While you are on eduroam campus, ensure that WiFi is turned **ON** and tap "**eduroam**".

- 4 Enter your username and password.

- a. For Student

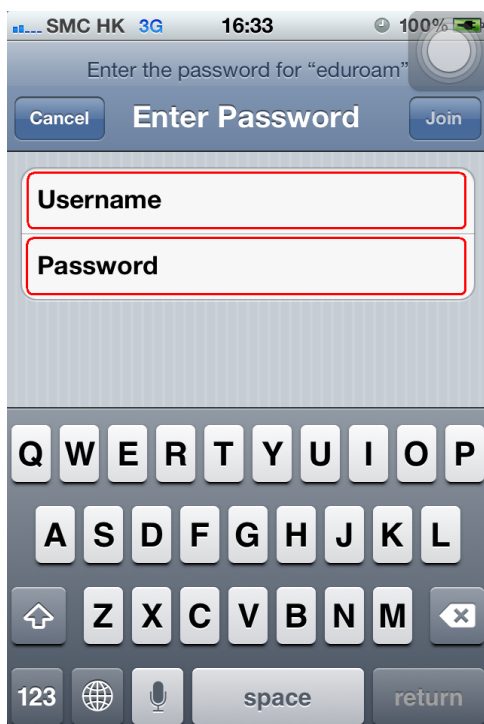

Identity: **Student\_LoginID@centennialcollege.hku.hk**

Password: **Learner Portal Password**

- b. For Staff

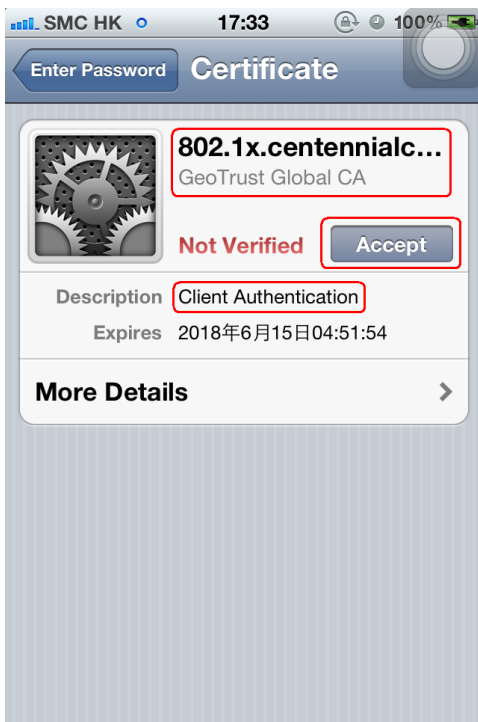

Identity: **Staff\_LoginID@centennialcollege.hku.hk**

Password: **Staff Intranet Password**

5 Tap **Join**

6 You will be asked to accept the certificate, **802.1x.centennialcollege.hku.hk**, signed by **GeoTrust Trust CA** the first time you connect. Click **Accept** to accept the **Client Authentication**.

7 You should now see "**eduroam**" as your selected network.
